Thursday October 28 at 7pm – [click here for Zoom Information](#)

Get an update on the high-speed Internet project as well as answers to your questions.

Please RSVP: call Beverly at (413) 623-8934 ext. 100 or email adminasst@townofbecket.org

Home Energy Improvement Info and Broadband Project Update and Q&A

Saturday, November 6, 9 AM to 12:30 PM

[click here for Zoom Information](#)

Learn about ways to improve the comfort and energy efficiency of your home whether you own or rent—and find out the latest on solar energy options and recent renewable energy legislation. Then get an update on Becket Broadband's new high-speed Internet as well as answers to all your technical questions.

Home Energy 9:30am to 11am ---- Broadband 11am to 12:30pm

Please RSVP: call Beverly at (413) 623-8934 ext. 100 or email adminasst@townofbecket.org

On The Agenda

- You'll get an update on Becket's Green Communities Grant by Town Administrator Bill Caldwell
- A Mass. Dept. of Energy Resources (DOER) representative will discuss Mass Save and home energy efficiency plans—and provide home solar array information
- Home Energy Works—an installation contractor for Becket residents—will discuss energy savings options and the process for home energy upgrades through Mass Save
- Becket Broadband Ad Hoc Group members will review the build progress and construction schedule ahead for our fiber network. Whip City Fiber representatives will be available to answer your questions.
- We'll discuss things you need to know like scheduling, the installation process, placement of equipment in your home, etc.

IMPORTANT NOTE: We will send an email to all website mailing list subscribers two days before each information session with the zoom link— Meetings will occur virtually via Zoom only (it will not be possible to attend in person at Town Hall).
